Vozeer apk download android. Vozeer movie apk for android.

Just up until a few days ago, the app was working fine, then one day i decided to open it to watch a movie. It told me that I needed to update to a newer version of the app and it took me to the App Store. I had to download a whole nother app just to watch what i wanted to watch. When i opened the new app, it was nothing like the old version. I couldn't search movies, tv shows, or music. All it kept doing was showing me ad after ad. The app won't let you do ANYTHING on it. I ended up deleting the app altogether. Do not recommend this app at all for anyone Anghami - Music Unlimited Listen to thousands of your favorite tracks VOZEE is an application that can download music from your personal Onedrive and Dropbox Drive.
